PROJECT MANAGEMENT WITH
PMP® EXAM PREPARATION

LEAD PROJECTS STRATEGICALLY

WHAT YOU WILL LEARN?

Traditional practice of managing projects from time, costs, and scope constraints is not working. New breed of project managers is required who can assess the complexity and uncertainty of projects and device an implementation methodology. Project Management with PMP® exam preparation workshop will help you become a certified PMP® who has the competency to understand the dynamics of projects and deliver results consistently.

Why Project Managers Needs to be Strategic?

Because organizations need a different breed of project managers. They need:

- Project Managers who have Business Acumen.
- Project Managers who can lead the project. from Complexity and Uncertainty Perspectives.
- Project Managers who can Engage Stakeholders and Manage their Expectations.

How Project Managers can become Strategic Leader?

To become a Strategic Project Manager, One Need to:

- Think how External and Internal Factors Influence Your Project.
- Act Decisively with Less Data and Adapt Accordingly.
- Influence People to Solve Problems Collaboratively.

What Should Project Managers do to Promote them as Strategic Leader?

To Convince Your Management About Your Strategic Competency, One Need to:

- Discuss Your Work from Organizational Impact Rather Than Technical Perspective
- Accept Innovative Initiatives by Focusing on Outcomes
- Engage People Outside Your Department and Work Environment to Get Support
